COORG—A District of Southern India under the jurisdiction of the Chief Commissioner of Mysore

The Coorg country is formed by the summits and eastern declivities of the Western Ghats, which separate it on the South and West from the woody tracts of North Malabar (Wynaad) and South Canara (Tula), in the North and East it merges into the table land of Mairur, with the only partially natural boundary of the rivers Kumaradhari, Hemavati, and Kaveri. Its greatest length from north to south, from the river Hemavati to the Brahman-

girls, extends over sixty, and its greatest width from west to east from Sampaji to Fraserpet, about forty English miles. Geographically speaking, the whole country lies between N Lat 11° 53 and 12° 30, and E Long 75° 25 and 76° 14. Before the annexation of Coorg by the English the limits of this little kingdom extended over a larger tract, and included the two talooks of Canara Amasaulya and Pattur comprising an area of about 580 square miles, which, at the request of the inhabitants, were separated from Coorg, and added to the Collectorate of South Canara. In the absence of an accurate survey, the area of Coorg has been estimated at 2,000 square miles. Population, according to the census taken on the 14th November, 1871, is 168,312 inhabitants.

There are Ddk Bungalows at Mercara Fraserpet, and Verajunderpet.

A TEA CYCLOPÆDIA.

It has been suggested by several persons that a Re issue of such portions of the *Tea Gazette* back Volumes (Vols I to VII) as refer to subjects of *permanent interest information and instruction*, would, if carefully classified, indexed, and produced in the form of a handy volume (say of the size of the *Cornhill Magazine* but of some 250 or 300 pages) prove an invaluable Work for every Planter's, Owner's and Agent's Bookshelf.

Many subscribers have failed to keep their files and nearly all the back Nos being out of print reference to important subjects which have been discussed, in the *Tea Gazette*, is unfortunately impracticable on their parts.

Papers on the following, amongst other topics, will be specially selected and grouped —

Soils and Manures	Bulking and Tying	Immigration Operations
Cultivation	Timber Supply	Tea Blights and Tea Pests
Pruning	The Method to make Tea Pay	Tea Machinery
Fermentation	Labour Difficulties	New Markets
Withering	Cooly Mortality	Irrigation and Drainage
Manufacture	Contracts	New Routes

while the vast mass of Correspondence will be judiciously selected from and a *digest* of all the most important points which have been discussed carefully made.

There are numberless facts and statistics also, scattered through the Volumes of the *Tea Gazette*, for the past three years which it will be most useful to have now summarised and collated for ready reference when required while again, other important papers relating to Governmental action and policy in Immigration and Labour matters will be brought into one focus, and supplemented by the latest Rulings on the subject.

The Work will be found, thus a perfect CYCLOPÆDIA of Information and Instruction on TEA and cannot fail to prove of great interest and *permanent value* to every one engaged in the Industry.

The Book will be printed on good strong paper. It will contain some 300 pages of good clear Type, and the price including forwarding cost will be Rs 13 only—thus furnishing purchasers with a "Library of Tea Topics" at a trifling cost.

NOTICE

The above important and valuable Work is now in the Press, and will be ready in all January 1881.

It will contain a series of *Colored Illustrations* on "**TEA BLIGHTS**," and a *Special Paper* on the same subject.

DR. LALOR'S PHOSPHODYNE

Purifies and enriches the Blood, Clears the Skin, thoroughly Invigorates the Brain, Nerves and Muscles, Re-energises the Lining Function of Life by supplying the PHOSPHORIC element which has been wasted, and thus Imparts Energy and Fresh Vitality to the Exhausted Nerve Electric Force, and Rapidly Cures every form of Nervous Debility, Paralysis, Nervous Mind and Heart Diseases, from whatever cause.

DR. LALOR'S PHOSPHODYNE

Being a natural Dietetic, its Invigorating Effects are not followed by corresponding reaction, but are Permanent, and are frequently shown from the first day of its administration by a remarkable increase of Nervous Power, with a feeling of Vigour, Strength, and Comfort, to which the patient has long been unaccustomed. DR. LALOR'S PHOSPHODYNE gives back to the Human structure in a suitable form the Phosphoric or Life-giving, element of life which has been wasted, and exerts an important influence directly on the Brain, Spinal Marrow, and Nervous System, of a Nutritive, Tonic, and Invigorating character, thereby checking all wasting of the Vital Fluid, and the more exhausting Processes of Life, maintaining that Buoyant Energy of the Brain and Muscular System which renders the MIND CHEERFUL, HEART BRIGHT, and ENTERPRISING, entirely overcoming that Dull, Inactive, and sluggish disposition which many persons experience in all their actions.
